

The diagram consists of three triangles arranged in a larger triangular shape. The top triangle is red and contains the letter 'U'. Below it are two triangles: a blue one on the left containing the letter 'I' and a green one on the right containing the letter 'R'. Each triangle also contains its respective physical quantity and unit in Danish.

U

Spænding
(målt i **volt V**)

I

Strøm
(målt i **ampere A**)

R

Modstand
(målt i **Ohm Ω**)
